## WATCH YOUR WORDS

The Proverbs remind us the following about our WORDS:

July 20, 2014

Opening Song

Events & Opportunities

Worship

Prayer

Message

Mark Krauss

1. They play a \_\_\_\_\_ part in our lives.

Words:

- Are \_\_\_\_\_
- Are able to \_\_\_\_\_
- Go \_\_\_\_\_ you can't

2. They can be incredibly \_\_\_\_\_.

We harm ourselves and others by:

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_ too much

3. They can be extremely \_\_\_\_\_.

Words help us and others by:

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

4. They will produce a certain \_\_\_\_\_.

Are your words like:

- \_\_\_\_\_ waters?
- \_\_\_\_\_ food?
- \_\_\_\_\_ to broken bones?

5. They are made \_\_\_\_\_ through the right \_\_\_\_\_.

Four \_\_\_\_\_ to \_\_\_\_\_ words:

- \_\_\_\_\_ you have a problem.
- Be \_\_\_\_\_ to two others.
- Take an \_\_\_\_\_ to your words.
- Become an \_\_\_\_\_ listener.

*Sermon CDs are available at the sound booth.*

the 1990s, the number of people in the UK with a mental health problem has increased by 50% (Mental Health Foundation 2000).

There is a growing awareness of the need to address the needs of people with mental health problems, and the importance of providing them with appropriate services. However, there is a significant gap between what is known and what is done. For example, although there is a growing awareness of the need to provide people with mental health problems with appropriate services, there is a significant gap between what is known and what is done. This is due to a number of factors, including a lack of resources, a lack of training, and a lack of coordination between different services.

One of the main reasons for this gap is a lack of resources. There is a significant shortage of mental health services in the UK, and this shortage is likely to increase in the future. This is due to a number of factors, including a lack of funding, a lack of staff, and a lack of facilities.

Another reason for the gap is a lack of training. There is a significant shortage of mental health professionals in the UK, and this shortage is likely to increase in the future. This is due to a number of factors, including a lack of training opportunities, a lack of funding, and a lack of staff.

A third reason for the gap is a lack of coordination between different services. There is a significant gap between what is known and what is done, and this gap is likely to increase in the future. This is due to a number of factors, including a lack of communication, a lack of coordination, and a lack of resources.

There are a number of ways in which this gap can be closed. One way is to increase the number of mental health services in the UK. This can be done by increasing funding, increasing the number of staff, and increasing the number of facilities.

Another way to close the gap is to increase the number of mental health professionals in the UK. This can be done by increasing training opportunities, increasing funding, and increasing the number of staff.

A third way to close the gap is to improve coordination between different services. This can be done by increasing communication, increasing coordination, and increasing resources.

There are a number of other ways in which this gap can be closed. For example, it is possible to increase the number of mental health services in the UK by increasing funding, increasing the number of staff, and increasing the number of facilities.
